### LETTER FROM THE EXECUTIVE DIRECTOR

Dear Community Partners,

Special thank you to our Youth Health Fair sponsors! In the seven years since GGCP's inception, we have impacted thousands of residents through our unique community-centered programming and events.

The success and reach of our initiatives would not have been possible without the continuous support and collaboration from our neighbors and friends. I extend my sincere gratitude to every member of our community who has contributed to our success, whether through volunteering, donations, or event participation. Your commitment to the betterment of our region has fueled our mission and inspired us to continue serving in innovative and impactful ways.

As we reflect on our history, I want to assure you that the Guys and Gals Community Partnership remains steadfast in its dedication to serving the community. We are committed to expanding our reach and implementing even more groundbreaking programs in the years to come. The journey ahead is promising, and we are excited about the possibilities and growth.

Once again, thank you, Akron/Summit and Stark County for your enduring support. Together, we can build a stronger, more vibrant community.

Sincerely,

*Jerome Moss*

# GUYS AND GALS COMMUNITY PARTNERSHIP, INC.

## OUR DEDICATION TO THE COMMUNITY

The mission of The Guys and Gals Community Partnership, Inc. (GGCPINC) is centered around addressing and alleviating the existing disparities in access to high-quality preventive healthcare. The organization is committed to tackling the challenges that certain communities face in obtaining essential healthcare services. To accomplish this, GGCPINC adopts a proactive approach by mobilizing and bringing qualified medical professionals directly into the community.

Recognizing that accessibility barriers can impede individuals from receiving timely and effective healthcare, GGCPINC seeks to bridge this gap by facilitating the presence of healthcare practitioners within the community itself. This innovative strategy aims to make preventive healthcare more accessible and convenient for community members, particularly those who may encounter obstacles such as geographical distance, financial constraints, or cultural factors.

GGCPINC's initiatives may involve the organization of health fairs, the establishment of mobile clinics, or the implementation of various outreach programs. These efforts are designed to create opportunities for individuals to receive crucial preventive healthcare services, including screenings, vaccinations, and health education. By embedding healthcare resources within the community, GGCP strives to empower individuals to take proactive steps toward maintaining their health and well-being.

The Guys and Gals Community Partnership, Inc. is dedicated to fostering health equity and ensuring that all members of the community have the chance to benefit from high-quality preventive healthcare services, irrespective of any barriers they may face.
